

Russia Admits Getting Atomic Data; Says Its Insignificant

London, Feb. 21 (AP) — Russia, frankly admitting that its representatives had obtained "secret data" in Canada, maintained the information was "insignificant" and accused the Canadian government of fostering an "unbridled anti-Soviet campaign."

"The Soviet military attaché in Canada received from acquaintances among Canadian citizens certain information of a secret character which, however, did not present a special interest to Soviet authorities," the Russian government said in a statement broadcast last night over the Moscow radio.

The statement indicated the information concerned radar and atomic energy.

At the same time, the statement said, Russia deemed it "necessary to call attention to the campaign, hostile to the Soviet Union, which has started in the Canadian press and radio. * * * The position taken up by the Canadian government is directed toward the encouragement of this campaign in the press and radio. It is not compatible with friendly relations between the two countries."

"Harm" To Russia
"One must recognize," the statement continued, "that the above mentioned unbridled anti-Soviet campaign was part of the plan of the Canadian government and is aimed at inflicting political harm to the Soviet Union."

The statement, later handed to the Canadian chargé d'affaires in Moscow, asserted that the Soviet military attaché in Ottawa was recalled as soon as "the above mentioned activities of certain members" of his staff became known to the Russian government, because of the "Inadmissibility" of those activities.

The statement said the Soviet (Please Turn to Page 7)

LITTLESTOWN CC TO LAUNCH MEMBER DRIVE

The Littlestown Chamber of Commerce is planning a reorganization drive in the near future, after an inactive period during the war. Clarence L. Schwartz, Littlestown postmaster, has been elected president, and S. Clair Trostle, secretary. Membership cards are being printed, and the board of directors will hold a drive for new members beginning in a few days. Before the war, the Chamber was very active and succeeded in bringing several new industries to town, as well as sponsoring worthwhile civic projects.

ROTARY CLUB MEETS
Mervin Harner gave a talk on "Foxes" at the weekly meeting of the Rotary club Tuesday evening in Schottle's banquet hall. The speaker was introduced by Arthur E. Bair. NINE RESIDENTS OF TOWN FAVOR NEW JAIL SITE

Nine residents of Gettysburg, who reside within the vicinity of the jail, in a communication to The Gettysburg Times today, go on record as favoring the relocation of the jail.

Among the reasons for their objections to having the jail located on its present site they mention the proximity of schools, churches and the kindergarten.

The communication is signed by nine residents who asked that their names not be published and who asked that the communication be published as coming from "Neighbors or present jail."

The communication follows: "The people whose lot it has been to live near the Adams county jail have been intensely interested in the various reports which have recently been made concerning the relocation of this necessary institution. We have given careful consideration to this situation. We must give voice to our opinions. Without a doubt the jail should be relocated. We say this not because the jail has exerted any evil influence upon us or our children.

Churches In Vicinity
"We believe that any community which combines its school houses, churches and jail in one neighborhood has not considered the matter wisely. Let us be not aware of the facts as they stand, let us remind ourselves that the kindergarten for the town, the first four grades of our school system and the high school are in close proximity. If there is any danger of wrong impressions, these are the years of one's life in which they are made."

"Most of our churches are within a block of this institution. Perhaps this is a good thing. It does not look well for our citizenry, however. The stranger within our gates has only too frequently made sport of our short-sightedness in this matter."

"The big issue at stake, however, is the need of such a location where there will be ample room to give a proper setting to such a building as has been planned. There would not be space enough at the present location no matter what adjustments might be made to provide the necessary room needed. Surely Adams county is big enough and full of more suitable locations. We are whole-heartedly for a change of location and that as soon as possible."

"We respectfully submit that the taxpayers living in close proximity to the present jail and contributing financially to the support of local institutions should be heard."

NCCW COUNCIL MEETS SUNDAY
Miss Mary Donohoe, Washington, D. C., formerly of the Harrisburg Diocesan Council and now a member of the National Headquarters Staff of the National Council of Catholic Women, will be the speaker at the quarterly meeting of the Conewago Deaneary council Sunday at 3 p. m. in St. Aloysius Catholic hall, Littlestown. Her subject will deal with the pope's recent address to the Catholic women of Italy on the topic of women's duties in the social and political life.

In keeping with Catholic Press month, there will be a display of Catholic books and literature, including children's selections; and there will be an exchange of magazines and periodicals. There will also be messages about good and bad reading, about movies, and a short musical interlude.

All the women of the parishes in the Conewago Deaneary, including Bonneauville, Buchanan Valley, Conewago, Chambersburg, Fairfield, Littlestown, Gettysburg, New Oxford, McSherrystown, and Waynesboro are invited to attend the open meeting. The board meeting will be held at 1:30 o'clock before the open meeting. All parish presidents, and standing committee chairmen are urged to attend, in addition to the officers of the Deaneary Council.

The program has been arranged by the president, Miss Marie Carbaugh, New Oxford, and the diocesan chairman of libraries and literature, Mrs. Paul E. Altoff, Littlestown.

Appointed Butler Township Collector

The Adams county commissioners, at their regular weekly meeting at the court house Wednesday, appointed William Deatrick, Aspers, as tax collector in Butler township. He succeeds John D. Van Dyke, who resigned recently. Mr. Deatrick has previously served as tax collector.

The commissioners received and accepted the resignation of George E. Slaybaugh, Biglerville, as tax collector, but took no action to fill the vacancy. Mr. Slaybaugh has served as collector for more than 30 years.

SCOUTMASTERS CONFERENCE ON MONDAY NIGHT

The second in a series of local District Scoutmasters' Roundtables will be held by the Black Walnut District scoutmasters Monday evening at 7:30 o'clock at Gettysburg high school, it was announced today by Sneed Clift, local scout field executive.

Wednesday night the first in the series of roundtables was held for the Conewago district, which includes scout troops in the eastern part of Adams county and Hanover, at the Metropolitan Edison building in Hanover.

Scheduled for Monday evening's session of the Black Walnut group, which includes western Adams county troops, are talks on "New Advancement Procedure" by the Rev. Dr. Dwight F. Putman, Black Walnut District Advancement chairman, and Rush C. Little, Hanover, Court of Honor chairman; "Stamp Saving Plan for Summer Camps" by William Whiteley, Arendtsville, district camping and activities chairman, and Mr. Clift and the "Shirts Off Our Backs" campaign by William Ridinger, Gettysburg, district commissioner.

General Discussion
Following the talks a round table discussion will be held by the scoutmasters and committeemen on the various subjects.

At Wednesday night's session of the Conewago district Mr. Little, Russell Held, assistant scout executive and Paul Aumen, district advancement chairman outlined the new advancement procedure while Mr. Clift detailed the stamp saving program for summer camp. District Commissioner William O. Randall spoke of the "Shirts Off Our Back" campaign by which the scouts plan to turn in their outgrown or unused uniforms to be shipped to the Philippines and other areas where Scout troops that were wiped out by the war are starting anew.

Frank Altland, Abbottstown, neighborhood commissioner and E. W. Mange, Sr., chairman of leadership training outlined a leadership training program on bird study. (Please Turn to Page 7)

Woodlot Thinning To Be Demonstrated

Adams county farmers and others interested, will have an opportunity next week of learning, at first hand, more about farm woodlot thinning, management and cutting of pulpwood, from an expert.

Meetings are scheduled Tuesday and Wednesday, February 26 and 27, with W. W. Simonds, forestry extension specialist, State College, in charge. Mr. Simonds will discuss and demonstrate woodlot thinning and management at the farm of Roy E. Wolf, Fairfield road, Gettysburg R. 2, beginning at 9:30 a. m. Tuesday.

"Timer Estimation" will be the subject to be discussed at the farm of J. S. Deatrick, Aspers R. D., Tuesday afternoon at 1:30, and Mr. Simonds will discuss the cutting of pulpwood at the farm of John Ritz, New Oxford R. 1, near the Pine Run school, at 9:30 a. m. Wednesday.

The demonstrations are under the direction of M. T. Hartman, county farm agent.

DISORDERLY CONDUCT
H. Tawney, West Middle street, arrested at 12:30 a. m. today by Borough Police Officer Albert Wolford on a disorderly conduct charge, was released at 9 o'clock when \$15 forfeit bail was posted for his appearance at a hearing at 6:30 p. m. before Justice of the Peace Robert P. Snyder. Mrs. Mary Geis, manager of the restaurant at the Greyhound Post House, North Washington street, signed the information.

HOSPITAL REPORT
Mrs. Luther Harman, Gettysburg R. 2; Gerald King, York Springs R. 1, and Beverly Jean Mickey, Gettysburg R. 5, have been admitted as patients to the Warner hospital. Mrs. Joseph Tully and infant daughter, Judith Ann, Aspers, have been discharged.

"Skilled Hands" First Photo Award

"Skilled Hands," the title of the above photograph taken several years ago by Dr. W. R. Cadle, of Emmitsburg, won first award in the large print section of the first annual photographic exhibit recently held in the Gettysburg National Bank. The Gettysburg Photographic society and the bank sponsored the exhibit. The picture is that of a delicate operation performed at the Annie M. Warner hospital. The two hands on the left are those of Dr. Roy W. Gifford, assistant surgeon at the hospital. The next two hands are those of Dr. Bruce N. Wolff, surgeon. The small hand, between Doctor Wolff's hands, is that of Miss Elizabeth Martin, former chief operating room nurse.

MOTORISTS ARE URGED TO SAVE CAR BATTERIES

Car owners throughout the nation were put on alert today by the American Automobile Association with which the Gettysburg Motor Club is affiliated with the warning that they must do everything possible to conserve the batteries that they now have in order to tide over the period of critical lead shortage in the months immediately ahead.

The warning to motorists was issued by H. J. Brunner, president of the A.A.A. Mr. Brunner pointed to a broad-scale survey by the national motoring body which revealed that the lead supply situation has been deteriorating over a period of many months, with the United States now caught in the midst of a severe war shortage. He said in part:

Batteries Are Scarce
"Through our affiliated motor clubs we recently conducted a spot check which revealed a disturbing scarcity of replacement batteries at the distributor and dealer levels throughout the entire country. We presented the facts to the responsible government agencies and to members of the battery industry. Now we are told in effect that world demand is far in excess of supply and that we cannot expect material improvement in either primary or secondary production or from foreign imports in the near future. This simply means fewer replacement batteries for 1946 in proportion to the demand, with the certainty that some motor vehicles will be immobilized for shorter or longer periods of time."

"The extent of this immobilization will depend in large measure on the adoption of a practical program in which self help must play the major part. Every motorist should give special attention to battery care. He should not seek to buy a new (Please Turn to Page 7)

Pope Confers Traditional Red Hat On 28 Cardinals

By WILLIAM L. RYAN
Vatican City, Feb. 21 (AP)—Pope Plus XII conferred the traditional red hat upon 28 new Cardinals today in a magnificent religious spectacle witnessed by 20,000 persons in the great nave of St. Peter's. Four were Americans.

In a long majestic ceremony, rich with color and the ancient tradition of the Roman Catholic church, the pontiff bestowed upon the new princes of the church the flat, broad-brimmed and tasseled symbols of their dignity.

They will receive the final symbol of their new rank—their rings—at a secret consistory tomorrow, concluding week-long ceremonies marked by the Pope's world broadcast yesterday in which he called upon his church to become a militant leader in preparing a basis upon which society "can rest securely."

Four of the 32 new Cardinals created by Pope Plus Monday were absent from today's consistory.

CHURCH GUILD MARKS 15TH ANNIVERSARY

Observance of the 15th anniversary of its organization marked the February meeting of the Women's Service Guild of Christ Lutheran church Wednesday afternoon in the social rooms of Christ Lutheran church. The program was prefaced by a brief business session with the president, Mrs. Robert Fortenbaugh, presiding.

Mrs. Mark K. Eckert gave a resume of the work done by the group during the 15 years. Miss Lois Mumford, a student at Gettysburg college, sang "In the Month of Roses" and "Trees" with Mrs. J. E. Sanderson playing the accompaniments. Mrs. Lester O. Johnson read an original poem appropriate to the occasion and Mrs. Paul A. Kinsey played a group of compositions by Chopin.

Twelve tea tables were decorated, each in a color scheme in keeping with a month of the year. Presiding at the tables were January, Mrs. Edgar L. Deardorff; February, Mrs. Robert Fortenbaugh and Mrs. J. A. Holzworth; March, Mrs. Harvey D. Hoover; April, Mrs. Parker Waglund; May, Mrs. John Kaltreider; June, Miss Kate Gilbert; July, Mrs. Paul Spangler; August, Miss Anna Reck; September, Mrs. Edgar A. Crouse; October, Mrs. Lester O. Johnson; November, Mrs. R. S. Saby and Mrs. Charles Black, and December, Mrs. C. E. Bilheimer.

A large birthday cake used as a centerpiece on the February table was cut by Mrs. George D. Stahley. Members were served tea at the tables representing their birthday months.

Many Places Will Observe Holiday
The library, court house, banks and post office will observe Washington's birthday Friday, but the remainder of the community will continue for the most part its regular activities for the day.

The Adams county library will be closed all day and then will be open, as usual, from 9 a. m. to 9 p. m. on Saturday. Banks and the court house offices will be closed all day. There will be no rural or borough mail deliveries by the postmen, but the lobby of the postoffice will be open from 6 o'clock Friday morning until 6 o'clock Friday evening.

Both ration and Selective Service board offices will be closed Friday which will give the clerks of the boards a three-day holiday with the boards also closed, according to regular custom, on Saturday.

School sessions will be held. The Gettysburg Times will be published as usual.

FOUR DISCHARGED
Among those discharged from the army at Indiantown Gap on Wednesday were: Cpl. Joseph J. Miller, New Oxford R. 2; Cpl. William R. Keefer, 32 North Queen street, Littlestown; T/S William M. Harness, 219 Steinwehr avenue, and Pfc. Donald E. Wampler, Biglerville R. 1.

80th ANNIVERSARY

Four Drivers Face Code Informations

Fred Shull, Littlestown, has been charged before Justice of the Peace Howard G. Blocher, Littlestown with operating a car after his driver's license had been suspended, the Gettysburg sub-station of the state police revealed today.

Shull, who has yet to appear before the justice on a previous charge of making misstatements of fact on an owner's certificate, according to police, posted \$500 bail to appear before the county court on the charge.

Maurice Stoller, Rochester, N. Y., has paid a fine and costs on a charge of failing to stop at a stop sign, according to the state police who laid the information before Justice of the Peace David Hikes. Another New York man, Alton Plumb, of Macedon, N. Y., paid a fine and costs on the same charge before the same justice.

Jack Shainline, Norristown, will be sent a 10 day notice by Justice of the Peace John H. Basechore on a charge of failing to stop at a red light. The charge was placed by a member of the local state police.

18 TOWNSHIPS WILL RECEIVE LICENSE FUNDS

Auditor General G. Harold Wagner has approved payments totalling \$907,974.39 to 1,254 second class townships in the Commonwealth. The payments are the first to be made from an appropriation of \$8,500,000 out of the Motor License Fund, to the State Department of Highways for the 1946-47 biennium. The money is for the maintenance, construction and reconstruction of township roads and bridges.

The funds are allocated on the basis of the ratio which the mileage of township roads in each township bears to the total mileage of township roads in all of the townships of the second class in the Commonwealth as of January 1, 1946.

The Adams county townships and the amount each will receive, are:

Berwick, \$203.45; Conewago, \$213.93; Cumberland, \$749.05; Franklin, \$1,402.29; Freedom, \$304.02; Hamilton, \$521.50; Hamiltonburg, \$575.29; Highland, \$383.53; Huntingdon, \$1,054.70; Latimore, \$958.82; Liberty, \$477.07; Mennallen, \$921.40; Mt. FAIRFIELD GIVES WELCOME HOME TO SERVICEMEN

Fairfield welcomed home its veterans of World War II Wednesday evening at a banquet and program held in the community hall by the citizens of the town.

More than 350 Fairfield area residents jam-packed the auditorium for the program held following the dinner and 250 soldiers, their parents and friends, were present for the turkey dinner held in the basement of the community hall.

The program in the auditorium opened with a general "community fellowship" at which more than 60 returned veterans were introduced along with their parents and the parents of men still in service. Also introduced was Mrs. James Donaldson, Orrtanna, wife of former Sergeant Donaldson, who recently arrived here from her native England.

Series of Talks
The Fairfield high school band under the direction of Warren W. Clark, New Oxford, presented a concert which included the "Lexington March," "Santiago March," "The Waltz King," and "Valley Forge March." Jay Brown, a student at the school, presented a saxophone solo, "Nola."

Following a community song fest led by the Rev. Dr. Norman S. Wolf, pastor of Zion Lutheran church and chairman of the committee in charge, a series of addresses were presented by the postmaster, two returned war veterans and the president of the Lions club.

Postmaster George M. Neely spoke on "Sixty-five Years of Recollections of Fairfield" in which he recalled the days following the Civil War when he as a youngster knew the veterans of the Civil War who had returned to Fairfield and of their experiences. He then spoke of the Spanish-American War and its effect on the community and its citizens, and recalled the days of the First World War and the men from Fairfield who served in that conflict. He concluded his remarks by telling of the town's activities in connection with World War II.

Plans For Community
Guy E. Brown, a returned World War II veteran, responded to the talk given by Postmaster Neely and then urged that the community expand and "grow into a new era." He urged increased use of the community hall particularly by reactivated young people's groups, recommended that both boy and girl scout troops be organized in the community and proposed that a playground be constructed in Fairfield for the section's youngsters.

Robert C. Kleppinger, president of the Lions club, spoke on the return of the soldier to civilian life. Attorney Daniel E. Teeter, a returned World War II veteran, spoke on his experiences and observations while in the army and urged all to realize that those men still in the armed forces serving in the Army of Occupation are doing most to make sure that peace is retained in the world.

Doctor Wolf spoke on the sympathy and understanding needed by veterans to enable them to return easily to civilian life. A silent meditation, prayer and singing of "America" followed.

Liquor Board Lifts 2 Suspensions Here
The suspension of the beverage licenses of Ned's Tavern and the Fraternal Order of Eagles, invoked by the Liquor Control Board, for alleged liquor law violations, have been lifted upon acceptance of offers from the two licensees, the Liquor Control Board announced today.

Ned's Tavern, whose license had been suspended for 60 days, has had the suspension lifted upon payment of a \$600 offer to the LCB.

The 45-day suspension invoked on the FOE has been lifted upon payment of a \$450 offer, the Board announced.

REBUILDING OF REICH PROVING MIGHTY EFFORT

By DEWITT MACKENZIE AP World Traveler

Herford, Germany, Feb. 21.—When you get a close view of the rehabilitation and the democratization of Germany under Allied supervision, you wonder whether on the whole his task doesn't present even greater problems than the smashing of the mighty Hitlerian military machine.

Here in the British zone, we find the problem being attacked along two main lines. One has as its objective the raising of the standard of living to the level laid down by the agreement—a long term job. The other is the re-education of the German people, and this is the bigger of the two for it is to instill democracy.

The administration bears the hall-mark of Field Marshall Montgomery, who only recently relinquished supervision here to become chief of the Imperial General Staff.

"No Coddling"

It is noticeable that there is no coddling of the Germans. The toughest spot in the vital educational program is the group of people between the ages of 14 and about 35, for they are the Hitlerized element. The older folk are less of a problem, and of course it is upon the children that lasting peace largely must be built.

So the British are setting up democratic institutions. These include universities and schools. The creation of trade unions on a craft basis is being encouraged and while there will be federation among them, they will retain their sovereignty.

New text books are being provided throughout the zone. The old arithmetic books instead of presenting problems in the form of how many apples are two and three, substituted SS soldiers, or maybe tanks, for apples.

The British are doing daily broadcasts with a peace theme to the schools. The radio also is telling the students about their countries. There are over two million children in the schools of the British zone but they are short of teachers.

Town Councils

More than incidentally, the scholars are given midday meals with calories daily beyond the normal ration, of 1,550, with added calories for heavy workers.

One of the most interesting projects is the establishment of town councils everywhere. These are rather like the American town meeting. The members are nominated at present because the people are untrained, owing to the dictatorship but the members will be elected by the end of June. Education of the general public is of course being carried on intensively through the radio, the press, the cinema, and the theatres and book publishing. The authorities also encourage individual Germans to have personal contact with the outside world from which they had been cut off by the dictatorship since 1933.

The newspapers, by the way, are having difficulty in finding newspapermen because all but Nazis were thrown out under Hitler.

UMW GROUP TO MEET MARCH 11

Washington, Feb. 21 (AP)—John L. Lewis and his district presidents today called a meeting on March 11 of the United Mine Workers' policy committee, which has authority to reopen the union contract with soft coal operators.

The present contract expires April 1 provided either side gives notice to that effect within 30 days prior to that date.

The policy meeting will be held in Washington.

Lewis made no announcement of his intentions but authorized the following statement after a day and a half of conferences with the 30 district presidents:

"The sessions of the district presidents of the United Mine Workers of America meeting today unanimously voted to convene the policy committee of the UMW, which makes all decisions affecting wage matters to meet in Washington March 11 at 10 a. m.

"An official circular will be sent immediately to all local unions and affiliates of the UMW notifying them of the re-affiliation of the mine workers with the AFL."

CABBIES STAGE CAPITAL PARADE

Washington, Feb. 21 (AP)—Several hundred ex-GI cabbies from Chicago set out today to win Federal backing in their fight against a Chicago taxi ordinance.

Included in their plans was a parade around the White House and Capitol in the black and cream-colored cabs in which they rolled into Washington late yesterday after a three-day trip.

The veterans, a few of whom brought their wives and children, were bivouacked in Camp Simms, an abandoned army camp and former armory on the southwestern outskirts of the city.

As the caravan wheeled into the Capital late in the afternoon some of the tired, chilled drivers said they were here to stay until assured of license to operate their taxis in Chicago.

"We're now in the battle of Washington," said William Harmon, who called himself a group leader.

Officers of the group—members of the American Cab Drivers' association for discharged veterans—said a Chicago ordinance limits the number of cabs there to 3,000. They added that two companies have 2,595 of the licenses.

SEEK PACT IN FABRICATING PLANTS' ISSUE

Pittsburgh, Feb. 21 (AP)—The 175-man policy committee of the CIO-United Steelworkers and the union's executive board met here today for approval of new steel contracts and possible discussion of a situation which is keeping several hundred fabricating plants idle.

While 70-odd fabricators have signed new USW contracts, most of them granting the 18½ cents hourly wage raise approved for basic steel, many others have declared they cannot pay the wage raise.

Some of them asserted they were losing money before the steel strike started and that they cannot operate without a sizeable boost from OPA in the price of finished steel products.

At Detroit, E. S. Evans, Jr., head of the Evans Products Co., and national chairman of the Non-Basic Steel Coordinating committee, asserted in a statement that workers in nearly 800 fabricating plants were still on strike.

Were Misinformed

The were "misinformed," Evans said, "that the settlement of the dispute in the basic steel industry would automatically settle their strike, too."

Evans said fabricators do not accept the basic steel settlement as being applicable to them. "They were not consulted nor did they have any part in the deliberations in Washington," he asserted.

Philip Murray, president of the USW, said a few days ago he knew of no steel company which could not meet the 18½ cent raise.

A spot check of the nation showed a least 254,000 workers still on strike out of 750,000 affected at the height of the walkout.

Some 1,200 USW members struck today at the Gisholt Machine Co. plant in Madison, Wis., demanding an 18½ cent raise. Their strike vote was taken Nov. 28.

Seek Settlement Of 'Phone Troubles

Washington, Feb. 21 (AP)—Edgar L. Warren, director of the Federal Conciliation Service, agreed today to seek settlement of grievances of 250,000 telephone workers threatening a strike.

Warren telegraphed Joseph A. Biernie, president of the National Federation of Telephone Workers—who last night requested government intervention—that the Conciliation Service "will render whatever assistance possible."

The Federation, meeting in Memphis, Tenn., has given its executive board authority to order a strike "whenever it considers proper," but has not yet set a strike date.

Warren asked Biernie to confer with him on the situation as soon as the NFWW president returns to Washington.

Upper Communities

Mr. and Mrs. S. A. Skinner, Arendtsville, and daughter, Mrs. John A. Hauser, Biglerville, spent Tuesday in Harrisburg.

Pvt. and Mrs. Charles Nary and Miss Helen Nary, Kenil, N. J., have concluded a visit with their uncle and aunt, Mr. and Mrs. O. A. Nary, Biglerville.

Mr. and Mrs. Charles Reed, Biglerville, were visitors in Harrisburg Tuesday.

Bruce Nary, Biglerville, is spending several days with friends at Ithaca college, Ithaca, N. Y.

Miss Nadine Lupp, Miss Janice Lupp, Miss Ida Mae Walter and Eugene Clapper, of Biglerville; Miss Jean Stitt, of New Chester, and John Flury, Carlisle R. D., attended the Ice Capades in Hershey Wednesday evening.

The Volunteer class of St. Paul's Lutheran Sunday school, Biglerville, will hold its next meeting at the parsonage Tuesday evening, March 5, instead of March 12. The change of date was made because of the observance of the Missionary Lenten Week of Prayer. Hostesses for the meeting include Miss Nettie Raffensperger, Miss Myrtle Raffensperger, Mrs. Kenneth Guise, Mrs. Harold Rexroth and Mrs. Lawrence Rice. The program arrangements are in charge of Mrs. Robert Shaffer and the entertainment of Mrs. Roy Himes and Mrs. Granville Grubbs.

Captain and Mrs. Gaston Pender and First Lieut. and Mrs. Clarence Seaman, of Biglerville, attended the Ice-Capades in Hershey Wednesday evening.

Mr. and Mrs. Frank Hersh, of Norwood, have concluded a visit with their nephew and niece, Mr. and Mrs. Alfred Fidler, Aspers R. D.

Daniel Dentler has returned to Deland, Florida, after spending a short time with his mother, Mrs. J. A. Dentler, of Biglerville.

The annual Benderville community men's banquet will be held Friday evening, March 1, in the Benderville community hall. The lists of committees and members serving on them will be announced in the near future. A guest speaker and several special musical selections will be included on the program.

The banquet is sponsored by the men's classes of the church schools of the Benderville Lutheran and Methodist churches but an invitation is extended to all men of the community to attend.

Mrs. Elsie Walburn, of Baltimore, has returned home after a visit of several days with Mr. and Mrs. Claude Miller of Biglerville.

CHEAP CLOTHING OUTPUT SOUGHT

Washington, Feb. 21 (AP)—The government is ready to restore some wartime production controls—and grant higher prices—to ease the acute shortage of cotton clothing.

OPA and the civilian production administration believe this double-barrelled program eventually will boost by about 50 per cent the output of shirts, shorts, pajamas, dresses, work clothing and other scarce garments.

Officials of the two agencies told reporters late yesterday that despite price increases to be authorized, the program will not cost the public more for clothing in general.

They contended the plan will increase the supply of inexpensive garments, and that in the long run this will save money for many families.

To Cost Nickel More

To assure greater output of cheaper clothing, the civilian production administration plans "soon" to re-invoke a wartime regulation which required textile mills to turn out certain types of cotton fabrics needed for essential garments.

OPA officials said that where only a few shirts are available now at \$2.50, the goal of the new program is to provide a generous supply at about a nickel more.

It will take some time, though. The agencies cautioned that effects of the program probably won't show in stores for about three months.

Things Of The Soil

Rose Insects and Diseases
Roses continue to stand high among favorite ornamental plants in American lawns and gardens. They are extremely hardy and easy to grow, yet they demand man's well directed assistance in withstanding insect attacks and escaping the ravages of prevalent diseases.

One of the first responsibilities a grower owes his roses before the plants put forth leaves is to apply a dormant spray in all cases where rust has been discovered in recent years. This application should be made before buds open, preferably on a mild day in late February or early March. Bordeaux mixture or lime-sulphur is recommended. At least two common forms of rose canker are restricted by this spray. If lime-sulphur is used, it should be mixed at the rate of 1 part concentrate with 7 parts water. Of course, this material cannot be used safely at this strength after foliage opens.

Plant lice (aphids) are the first insect pests to arrive, usually soon after the first new shoots develop. Many readers report increasing numbers of these enemies in the last two or three years, a fact that warrants careful inspection to permit combat as soon as the first lice appear. One of the most effective sprays is prepared by mixing 1½ teaspoonfuls of nicotine sulphate in a gallon of water in which a one-inch cube of soap or 2 to 3 level tablespoonfuls of soap flakes has been dissolved. The lice should be coated heavily. Or a nicotine dust may be substituted for the spray and applied when the air is still and the temperature above 70 degrees.

Mildew and black-spot are, of course, the most widely troublesome diseases of the rose. Rarely is a garden free from both of these ills. They survive over winter on diseased leaves and canes from the previous year, also in soils harboring such refuse. Both must be prevented, as affected foliage cannot be saved after the fungi enter the leaves and begin to multiply and spread.

Experienced rose growers make free use of the inexpensive insecticidal and fungicidal mixture known as Massey dust. This is easily prepared at home by mixing 1 pound of arsenate of lead with 9 pounds of superfine dusting sulphur. It should be noted that this is not the ordinary flowers of sulphur, but a special brand finely ground for such purposes.

Massey dust should be applied every week 10 days from the time roses first open their leaves until late August, thereafter every two weeks until the leaves fall. This, it should be repeated, is a preventive program—the sulphur curbing mildew and black-spot, the arsenate of lead killing leaf-chewing insects, such as the destructive rose slug.

Growers who object to the discoloration Massey dust leaves on rose foliage may substitute a more expensive dust composed of 1 pound of manganese arsenate, one-half pound of aluminum sulphate and 8½ pounds of superfine dusting sulphur.

If the regular dusting does not keep the skeletonizing rose slug fully controlled, an extra application of a rotenone dust or spray should be employed.

The editor invites readers to write him within the next few weeks to ask all the questions they desire to remove problems of roses brought over from previous years. Merely enclose a 3-cent stamp to cover postage of a personal reply by return mail.

Duff Mentioned For Compromise Slate

Harrisburg, Feb. 21 (AP)—Governor Martin said today Attorney General James H. Duff has been mentioned as a compromise candidate for the Republican nomination for Governor.

From where I sit ... by Joe Marsh
Bird's-Eye View
of America

A fellow took an aerial photograph of our town, and it makes the place look like Utopia.

Folks argued that the new firehouse would never look well beside the old Town Hall. But they harmonize perfectly from the air. One side of the railroad tracks looks as good as the other. All the different landmarks blend in nicely with surroundings.

From where I sit, there's a lesson in that photograph. A community's made up of different elements—people as well as landmarks. Some vote one way, some another; some enjoy a glass of beer and other don't. You might think there was a lot of reason for friction.

But it's all in your point of view. Get up high enough—see the community as a whole—and those little discords blend together into what we call America—a free, harmonious land. The differences only look big to people who see them from a distance.

BULLETS RUN WILD TO TRIM LASALLE 79-54

A new basketball scoring record was set for the Eddie Plank gymnasium Wednesday evening when Coach "Hen" Bream's Bullets ran wild to smother LaSalle college of Philadelphia 79-54.

With the exception of the third period the game was a race horse affair with both teams dashing madly up and down the floor to keep a continuous string of goals flowing through the hoops.

The Bullets were definitely "on" in their shooting and connected for a total of 33 goals and 13 fouls. "Spike" Zaczekowski hit the hoops for 23 points to be high man for the evening with Cal Welliver a close second with 22.

Walters Nets 14
Bob Walters, high scoring forward for the Explorers, landed 14 points and was topped by Thompson, center, who landed 15.

The visitors led through the first three minutes of play but quickly surrendered the lead on a pair of goals by Kaczekowski and Howard which sent Gettysburg ahead 12-7 and trailed thereafter. At the end of the first period the Bullets led 24-16.

The second period was but a repetition of the first and at half time the score had rocketed to 47-33.

LaSalle was held to a pair of field goals in the third period while the Bream-men hiked their margin to 62-33.

Each team landed 17 points in the final period which saw all of the Bullets reserves get into action as well as a number of LaSalle scrubs.

Jayvees Win
The victory marked the 11th in 15 tilts for Gettysburg. On Saturday night the Bullets clash with Muhlenberg at Allentown.

Davey Plank was out of the lineup due to a leg ailment while George Shepherd missed the contest because of an ankle injury.

The Bullets reserves notched their fifth straight win in the preliminary game by upsetting the St. Mary's club of York 39-27. From start to finish the contest was roughly played.

Arendtsville Will Close Home Season

Arendtsville vocational high school will stage a "booster night" for the final regularly scheduled home basketball game with Bolling Springs Friday evening. Both the boys' and girls' teams will drop the curtain on the regular campaign next week with games at Washington Township and North York, Tuesday and Wednesday evenings. The North York game was originally scheduled last Tuesday evening but had to be postponed because of travel conditions.

Friday evening will be the final home game for Captain Bob Allison who has spearheaded the Arendtsville offense for the past four years. Allison is rated as one of the best forwards in this section and holds high scoring honors for the Adams County Scholastic league this season.

Esther Dively, Shirley Wireman, Marian Tate and Mary Dillon will also be playing their final home game for the sextet. The Arendtsville girls are now tied with Biglerville for first place in the county loop.

LINCOLN FIVES LOSE TWO TILTS

The Lincoln school seventh and eighth grade basketball teams dropped a pair of games to the Hanover seventh and eighth graders at Hanover Wednesday.

Don Ulrich's eighth graders got off to a slow start to trail 20-3 at half time and eventually lost 30-17. Trone and Kitzmiller looped 14 and seven points, respectively, to top their team in scoring.

Coach Dick Folkenroth's seventh grade outfit could produce but one field goal in losing to Hanover 33-6. The games ended the season for the Lincoln school dribblers.

Sports Roundup

By HUGH FULLERTON, Jr.
New York, Feb. 21 (P) — Walter Brown, the Boston Garden-Arena head man, has plans for a new \$12,000 basketball court for the Arena, which he says will be the finest in the country, and a \$15,000 board track which will make the Garden track meet a lot better . . . and no wonder. Basketball attendance in that former hockey hotbed more than doubled this winter. . . . Ben Chapman, the Phillies manager, has a 180 bowling average using his right hand and 165 with his left. Both figures sound like his players' batting averages. . . . Jockey Gordon Richards, who has ridden 3,000 winners, was named Great Britain's outstanding sports figure in a recent vote.

GOOD JOE
John O'Donnell, sports editor of the Davenport, Iowa, Democrat will be honored by 900 townsmen tonight as his city's "most outstanding citizen of 1945." . . . The award was given mainly because of his weekly "Dear Joe" columns of chatter for service men and women, which were begun in 1942 and will come to an end Sunday. . . . John has written more than 3,000,000 words for the boys and girls in uniform and has found time on the side to serve as a Big Ten football and basketball official and intercol-

SOUTH PENN TO OPERATE OWN CAGE PLAYOFF

The Southern Pennsylvania interscholastic athletic conference Wednesday evening accepted a compromise offered by the Pennsylvania Interscholastic Athletic Association and as a result the loop will stage its own conference championship battle between the winners of its southern and northern divisions and then both teams will enter the District 3 PIAA playoffs.

Loop officials met in the Hotel Gettysburg for a dinner session at which they came expecting to hear that the PIAA plans to take over the championship tilt were still in effect, and heard instead that PIAA officials had decided to allow the loop to continue this year the same type of league playoff that it has had for the past three years.

Ralph Shockey, Chambersburg, outlined to the 39 schoolmen present the decisions at a District 3 PIAA meeting in Steelton at which the officials were told that all inter-league playoffs would be held hereafter under the supervision of the PIAA with the PIAA getting its usual rake-off of 33 1/3 per cent for the district plus five per cent for the PIAA office. Intra-league playoffs however will remain under the jurisdiction of the leagues and there will be no split of the gate receipts.

Oppose Interpretation
The main objection the Southern Penn officials had with the PIAA rules was the interpretation of inter and intra. Shockey told the group. The South Penn loop at the beginning of the war divided into a Northern and Southern section so that the teams would not have too great distances to travel and thus gasoline and transportation could be saved. The set-up, Shockey pointed out, was purely temporary and the league and the league officials felt that they still had one league, divided only because of the war difficulties and that the playoff between the northern champion and the southern champion for the league title was strictly an intra-circuit battle.

PIAA in the form of Secretary Edmund Wicht held otherwise, Shockey reported. The PIAA, believing that the South Penn league was actually two leagues and that the playoff game—which this year will be between Carlisle and the winner of a Gettysburg-Chambersburg contest—was an inter-league competition, and therefore should be handled by the PIAA.

At that time, Shockey added, District 3 went on record as opposing the PIAA ruling but nothing could be done about it this year.

Both In Playoffs
Guile W. Lefever, principal of Gettysburg high school, then told the group that the PIAA secretary had called him Wednesday afternoon to state that "the Board of Control of the PIAA, meeting at Pittsburgh, has decided that the South Penn conference can have its playoff as it had last year between the northern and southern division leaders provided that the playoff takes place before the District 3 PIAA playoffs and provided that both teams enter the District 3 competitions."

Then followed a long discussion in which it was pointed out that Lancaster county's league, which is divided into three sections, just as South Penn is now divided into two, last year had to hold its playoff between the three division leaders under the direction of the PIAA.

The group, feeling that PIAA had backed down a lot on its stand, and feeling too that the difficulty will disappear after this year because the loop drops its division set-up after this season, voted to go ahead as the PIAA suggested.

One suggestion was added, in the form of a recommendation to the District officials, that the winning team in the divisional playoff—between Carlisle and the southern district winner—be given a bye in the opening round of the District 3 contests.

Secretary Wicht assured the league, Mr. Lefever said, that the two South Penn teams will not be matched against each other in the first round of games.

Approve Officials
Six new basketball officials were approved for the league. They included Duke Cramer, York; Al Franckle, Carlisle; Boyd Fortney, Mechanicsburg; Duke Maronic and Joe Mulligan, both of Steelton, and Cliff Hartman, Lancaster.

It was announced that the track committee of the South Penn loop will meet tonight at Chambersburg to set up the program for the South Penn track meet May 11 at Carlisle.

NAVY OFFICER DROWNS IN CAR

Norfolk, Va., Feb. 21 (P)—Vice Admiral Theodore S. Wilkinson, attached to the joint chiefs of staff in Washington, D. C., drowned today when his automobile plunged overboard from a Norfolk-Portsmouth ferryboat on the Norfolk side of Elizabeth river.

His wife, Mrs. Catherine Wilkinson, escaped from the sinking car by breaking a window and was taken to General hospital where she was being treated for shock and exposure.

Coast guard divers recovered the admiral's body shortly before 10 a. m.

Mrs. Wilkinson was rescued by ferry company employees.

Employees of the ferry company said the admiral's car was first to board the ferry at the terminal here and that it ran the entire length of the boat and plunged through the safety gates and into the water without stopping.

Mrs. Wilkinson told police she believed the brakes on the car failed to hold. The automobile was owned by a friend and the admiral was the only other passenger, she said.

Congressmen Rest From Probe Labors

Washington, Feb. 21 (P)—Ten members of Congress who have heard millions of words on the subject took a rest today before tackling the job of trying to decide who was to blame for Pearl Harbor.

After a week or so, Chairman Barkley (D-Ky.) told a reporter, there will be numerous closed door meetings "and we'll all be working on it." The report is due by June 1.

Barkley added that if the members agree on some general approach, committee attorneys will set to work drawing up some ends of the long Senate-House investigation into the 1941 military disaster. Public hearings ended at 5:20 p. m. (EST) yesterday after almost daily sessions since November 15.

Barkley said each member will be permitted during the next two weeks to draw up questions they want put to former Secretary of State Cordell Hull and former Secretary of War Henry L. Stinson. Both have been ill a long time.

Pampa, Tex., Feb. 21 (P)—When a couple of skunks visited his meat house, Famer George E. Cockerell left the door open several days hoping they would leave.

They didn't. So Cockerell decided to attack—successfully.

But the skunks "counterattacked," he says, costing him 1,000 pounds of meat.

CANNER SCRUBS DIVIDE GAMES

Biglerville high school's junior varsity boys' and girls' basketball teams divided a pair of games with Camp Hill on the Biglerville court Wednesday evening.

A big second period in which Camp Hill tallied 13 points enabled the visitors to take the boys' tilt 30-24. Halblieb paced the victors with 13 points while the scoring was evenly distributed for the Canners.

The Biglerville girls led throughout to score an easy 34-17 victory in the preliminary tilt. Kapp and Rexroth accounted for 30 points for the winners.

Next Monday the Biglerville jayvees entertain Arendtsville and on Thursday conclude their season by playing Hanover junior high at Hanover.

Just Folks
By Edgar A. Guest
THE BETTER WAY
What to do to banish hate,
And how to battle with distrust?
No better way to put it straight
Than being generous and just.
Amazed perhaps, by customs odd,
Best still remembering to be kind,
No better way of serving God
Than being tolerant of mind.
How teach the brotherhood of man?
Not as the lessons taught in school,
But each of us, as best he can,
Keeping the simple golden rule.

Today's Talk
By GEORGE MATTHEW ADAMS
ANIMAL LIFE
One of the treasures of literature is the book "Wind in the Willows" by Kenneth Grahame. It's about animals, being a series of stories that the author told to his little boy, for his amusement and joy. There was no thought of publication—but the whole world is happy over the fact that they finally were published.
Said Grahame: "Every animal by instinct, lives according to his nature. Thereby he lives wisely, and betters the tradition of mankind. No animal, in other words, knows how to tell a lie. Every animal is honest."
It would be a good thing if we were to emulate the animals in many ways. Nature is their teacher. And they take nature as it is, with all its changes and variations. They know how to complain. Grahame, in his stories, humanized these animals and made them live as human beings, so that the book is not one for children alone, but for all of us grown-ups as well.
No wonder the naturalist is so happy in his chosen work. Animals, when they learn that man has no intention of harming them, quickly trust him, and become his friend. They welcome friendship, these animals of ours. They have about all the characteristics of man, both good and bad—but, as Grahame says, they are honest and straightforward. They don't disguise themselves.
Animals live in a world of wonderment. They make it also contagious to human beings, as its beauty, mystery, and miraculous revelations are exposed. To walk with Nature is to walk with the Creator of all, and to revel in His greatness and surprises.
How far we wander from ourselves when we walk the crowded streets, gather in crowds, and dissipate our forces in idle talk, and meaningless associations. Happiness and purposeful activity are in the animal world. There is alertness, too. And plenty of play. You see there is no "style" in nature, no falseness, and no frills. Nature furnishes us with the means, by which we may find ourselves!

Tomorrow Mr. Adams will talk on the subject: "Names."

Murphy Executive Provides For Church
Pittsburgh, Feb. 21 (P)—Continuation of a trust fund for the First United Presbyterian church of Indiana, Pa., was provided in the will of Edgar M. Mack, G. C. Murphy company official who died at his home in McKeesport February 12.
The will, filed for probate here yesterday, provided that, if a trust fund Mack had previously created for the church was less than \$200,000 at his death, it should be increased to that amount. However, the fund must not exceed one-sixth of the estate.
The remainder of Mr. Mack's large estate, the value of which was not estimated, was left in trust for his widow and daughter.

Pitt defeated West Virginia 21-13 in radio's first play-by-play collegiate football game, broadcast in October, 1921.

Albert Cook Myers, of Philadelphia gave a lecture in Bruns Chapel Tuesday night at 8 o'clock on "William Penn and the Early Settlement of Philadelphia." He was a guest of Mr. and Mrs. John D. Keith, Carlisle street.

JOHNSON DENIES ALL CHARGES BY INVESTIGATORS

Lewisburg, Pa., Feb. 21 (P)—Former Federal Judge Albert W. Johnson, described by a Congressional committee report as an "evil and wicked judge," said today the inquiry into his conduct was from the start an effort "to secure adverse action against me."

The 73-year-old former jurist, who said he resigned last July after he and his family had been "harassed" by the action before the house judiciary committee and a Grand Jury investigation, denied in detail the committee charges in a 25-page typewritten answer which he sent committee members.

"The whole district (middle district of Pennsylvania) was combed by agents and only those witnesses discovered to be hostile to me were called before the grand jury and later before the committee," he stated.

Says Threats Used
Asserting witnesses "who would testify to the fairness of my decisions and conduct" were not called, Johnson continued:
"Against certain witnesses who gave favorable statements in the beginning, threats and persecution were used to change their testimony. Some changed their testimony through coercion and efforts to secure clemency, who were then taken before the Grand Jury and the committee."

Johnson and nine others mentioned in the house judiciary committee's report, made public Feb. 6, have been indicted by a Federal Grand Jury on charges of conspiracy and are awaiting trial.

Charge He Sold Justice
The committee's report said Johnson "sold justice" in his court "for all the traffic would bear" but added no purpose would be served in punishing Johnson because he had resigned and later waived a \$10,000-a-year full-pay pension.

Johnson, after the committee made public its report, rescinded his waiver of pension asserting he was "in need of the money" and that he was "ill and incapacitated physically and mentally" at the time he signed the waiver last July.

Henry P. Chandler, director of the administrative office of the United States courts, said then that Johnson would have to take court action to get the pension.

No further action has been taken by the committee although two members—Reps. Weaver (D-NC) and Walter (D-Pa)—criticized its action in making public the report on the grounds it exceeded the committee's authority and usurped the functions of the court.

SEEK SLAYER OF EX-SERVICEMAN
Bridgeville, Pa., Feb. 21 (P)—Police of Washington and Allegheny counties today intensified their search for a man wanted in connection with the daylight slaying of John L. McMillen, 29-year-old war veteran, yesterday in front of the Viale hotel.

Police Chief Frank Myers said witnesses told him McMillen was shot to death after an argument with another man in an automobile. He said witnesses told him this story:

After the dispute, McMillen climbed out of the car and started to walk away. The other man followed him with a gun in his hand. McMillen cried out:
"Put that gun away—back in your pocket!"

Instead, the other man fired two shots and McMillen fell dead in the street.

Morgue examination showed one bullet went through his heart, the other through the left arm near the shoulder.

Victor DeGrave, one of the witnesses, told officers he pursued the assailant about two blocks afoot but was unable to overtake him.

2 Freight Wrecks Delay Rail Traffic

Altoona, Pa., Feb. 21—Two minor freight car wrecks were reported on the middle division of the Pennsylvania railroad last night.
One car of a westbound train was derailed at Huntingdon and two cars of an eastbound train in another accident 15 minutes later at Newport. Passenger train service was delayed 15 to 30 minutes. The cause of the wrecks was not determined.

The force of the Gettysburg Buick company attended the York automobile show Thursday evening. In the party were Arthur Phiel, Floyd M. Lauver, Charles E. Redding, Niel W. Gibson and H. T. Jennings.
Hetaeria Club members were entertained Monday night at the home of Judge and Mrs. D. P. McPherson, Carlisle street.

Choosing Varieties Of Grapes
Increasing interest in grape culture for home use is bringing many inquiries from readers to determine the most suitable varieties for this important role in this region. Below are brief descriptions of leading grapes, including the three main colors according to their suggested patriotic motif—red, white and blue.

Concord (blue)—This variety needs no introduction, for it is the most widely grown grape in America. It is midseason in maturity, high in sugar content, and good dessert quality. The vine is vigorous, its flowers self-fertile.

Fredonia (blue)—Originated in New York state in 1915. The vine is vigorous but somewhat variable in productivity, the flowers self-fertile. The berry is firm but juicy, the sugar content medium. Early in maturity the fruit hangs well and withstands shipment.

Moore Early (blue)—Originated in Massachusetts in the 1870s. The vine is hardy but of medium vigor also medium in productivity. Clusters somewhat loose, flowers self-fertile. Skins thick and likely to break badly; flesh tough but juicy; sugar content rather low. Fair dessert quality; early.

Van Buren (blue)—Introduced in 1935. Vine is vigorous, hardy and moderately productive. Flowers self-fertile; fruit medium tender and juicy with medium sugar content. Excellent dessert grape; very early in maturity; poor for shipping.

Agawam (red)—Originated in 1855. Vine is vigorous but may occasionally suffer from low temperatures. Flowers are self-fertile; berries rather loose in clusters; flesh tough and sugar content medium. Midseason to late. Good for table use and wine making.

Delaware (red) One of oldest red grapes, well known and always a wise choice for dessert roles and wine.

Brighton (red) Hardy vine, medium producer. Flowers may occasionally require cross-pollination. Berries tender and borne in large clusters; medium sweet. Early to midseason. An excellent home grape of high dessert quality.

Caca (red)—Vigorous vine, hardy and of medium productivity. Flowers self-fertile; berries fairly large with tough but thin skins; sweet with vinous flavor. Midseason. A good grape for home use and local markets.

Brocton (white) Originated in New York state in 1919. Vine hardy and productive. Flowers self-fertile; berries juicy and sweet, mildly flavored. Midseason. Does not ship well.

Niagara (white)—Old white favorite hardy at low temperatures; very productive; sweet and juicy. Midseason.

Ontario (white)—Vine hardy and productive; flowers self-fertile. Early with high dessert quality.

Winchell (white)—Another old white grape, vine hardy and productive; flowers self-fertile. Sugar content high with aromatic flavor. Midseason to late.

There are numerous other varieties acclimated to this area and latitude, although growers should never experiment on a large scale. Interested readers should write the U. S. Department of Agriculture, Office of Information, Washington 25, D. C. for a free copy of Farmers' Bulletin 1936—Grapes For Different Regions. Too, the editor will gladly answer all questions on this important subject. New grape vines should be set out as early as soil can be prepared, as roots become active after a few days of warm weather.

Pitt Parkway Work Starts Soon

Bridgeville, Pa., Feb. 21 (P)—Police State Highway Engineer E. L. Schmidt has announced construction of the \$30,000,000 Pitt Parkway here will start the first week in May.

Schmidt also conferred with Allegheny County Commissioners on construction of the proposed \$4-million bridge over the Monongahela river, offering to cut to \$150,000 the \$250,000 the county pledged in 1941 toward property damage resulting from the bridge improvement.

INTERNATIONAL BAN ON DRAFT ARMIES BACKED

By WILLIAM F. ARBOGAST

Washington, Feb. 21 (AP)—A proposed international ban on peacetime draft armies developed strong support today in the house military committee.

Growing favor for the idea came to light as the committee neared the end of three months of hearings on legislation for a universal military training program for the United States.

Chairman May (D-Ky) told reporters the committee would take no action on universal training bills until it has considered a separate proposal urging the president to use his influence to bring about an international agreement outlawing peacetime conscription.

Introduced by Martin
This proposal was introduced last year by Rep. Joseph W. Martin, Jr., House Republican leader, and will be the subject of committee hearings tentatively set for next Wednesday.

Martin said at the time he introduced his resolution that he did not believe the United States should adopt universal training until every effort had been made to outlaw it throughout the world.

Committee members disclosed that May arranged for the hearings on the Martin proposal at the insistence of Republican committeemen, many of whom along with several Democrats have been lukewarm to the universal training program backed by President Truman and the armed services.

Light Backing For Truman

Earlier plans to refer the universal training bills to a subcommittee at the end of today's public hearings have been laid aside, May said.

Instead, he explained, after hearing Martin next week the committee will decide—perhaps within a few weeks—whether it wants any form of universal training for this country and, if it does, what program should be recommended.

There is little sentiment in the committee for the President's request for one continuous year of training for 18-year-olds, although some members favor a shorter compulsory period as advocated by the American Legion. The Legion is supporting a four-months program.

FISHER SERVICES HELD

Emporium, Pa., Feb. 21 (AP)—Funeral services were scheduled here today for Josiah A. Fisher, 58, brother of former Governor John S. Fisher, who died Sunday in an Erie hospital.

A native of Indiana county, he worked as a blacksmith in this area and served as a Cameron county commissioner and treasurer. A son, John Clyde Fisher, lives in Philadelphia.

The shape of the tablespoon is modeled after sea shells, which were used as table implements by primitive peoples.

The first International Labor Conference was held in Washington, D. C., in 1919.

Joint Session On Strike Settlement

Pittsburgh, Feb. 21 (AP)—For the first time in four days of meetings with impartial negotiators, representatives of the Duquesne Light Co. and its independent union agreed to sit in a joint session today to discuss a new company pay raise offer.

Heretofore, all meetings had been between the negotiators and one disputant, but not together.

In accepting a company invitation to a joint conference, George L. Mueller, union president, declared the 3,400 workers would not retreat one step from their demand for a 20 percent cost-of-living wage increase.

The union's full demand was for a 37 percent raise but Mueller said it would accept 20 percent and negotiate for the other 17 percent.

LAUDS RECORD OF FILIPINOS

Praise for the Filipinos is contained in a letter from Pfc. Louis Rosensteel, of Emmitsburg, who is now at Camp Meade and is expected to arrive home within the next few days.

The letter was written in Leyte by Rosensteel in answer to a charge by another serviceman that the Filipinos have little to recommend them as civilized people. Says Rosensteel:

"He seems to have it in for the whole Philippine population because he was robbed by four Filipino hoodlums while walking down a lonely road one night. It is true there are a lot of cases where these bands of robbers will wait their chance to rob you if it is possible, but I think he is being a little unfair to the Philippine population as a whole.

"I agree that there were some Filipinos who collaborated with the Japs but don't we find that in all countries in time of war? There are a lot of good Filipinos. There are a lot of good Filipinos. For example, when we were in combat on Mindanao, one fourth of our outfit would have been killed or wounded had it not been for a Filipino tipping us off that a band of Japs was nearby. This was just a sample of their loyalty.

"I've been on four islands over here and as a whole I've found the Filipino people very kind, courteous and helpful. Some of them, due to the Japs robbing them, don't have much, but what they have the American soldier is welcome to have. When we were traveling and had little time to eat, it was the Filipinos who threw us what food they had in the way of bananas, pineapples and the like, which came in mighty handy.

"I'm not in love with the Filipinos or its people—in fact I'll be glad to hit the States again—but I believe in giving credit where, in my opinion, credit is due."

Real Estate Agent Denies Killing Wife

Easton, Pa., Feb. 21 (AP)—John Rozsa, 56-year-old Bethlehem real estate agent, last night denied to a jury of six men and six women the commonwealth's charge that he fatally beat his wife, Theresa, 52.

Rozsa said he was "out of my mind altogether" during questioning shortly after his arrest following his wife's death last Dec. 28. At that time, he said, he had answered "yes" when Assistant District Attorney William C. Fulmer tapped a broomstick on the floor and asked Rozsa if that was not the way he beat his wife.

"I was tired, sleepy, and cold," Rozsa said.

The defendant testified he and his wife went to a Bethlehem club the night before Mrs. Rozsa died. When they returned home, he said, she fell on the concrete steps of their home. The next day—Dec. 28—they argued and he struck her.

Rozsa said. Then she fell down and he kicked her. She ran into the yard and when he grabbed her she fell again.

MORE NOTICES BY STATE BOARD

Harrisburg, Feb. 21 (AP)—The State Sanitary Water board, following up its January decision to ban pollution of the entire Schuylkill River, served notice today on up-river communities to prepare plans for sewage treatment.

A board spokesman said after a meeting yesterday that notices to industries in the upper Schuylkill basin will be acted on by the board as soon as the agency's engineers assemble data of present waste disposal. These industries are in addition to coal operators already notified.

Notices to the municipalities would require either the abatement of the discharge of sewage or the submission of plans for sewage treatment similar to those required of downstream communities, the spokesman added.

He declined to say how many municipalities would be affected.

The board also approved the first three plans for desilting plants of anthracite operators under the provisions of the 1945 Brunner law which banned the dumping of silt into streams. They were the first of 150 such plans submitted to the board since the new law went into effect.

"In a considerable number of cases," the spokesman explained, "desilting plants are already constructed and in operation in the anthracite region, and in other cases silt is being eliminated by the discharge of waste waters into stripping pits."

Athletic Building Program Is Planned

New York, Feb. 21 (AP)—The building of 30 fieldhouses, two college football stadiums and the renovating and enlarging of 19 other grid amphitheaters at a cost of \$25,000,000 is scheduled for the coming summer, an Associated Press survey disclosed today.

Foremost among the postwar building programs are a \$2,000,000 fieldhouse at the university of Illinois and a 41,000-seat stadium and a fieldhouse with accommodations for 13,000 at the university of Maryland. The latter already is beyond the blue print stage.

Other big-money buildings are a \$1,500,000 fieldhouse at Iowa state and million-dollar gymnasiums at Muhlenberg college and Kentucky university.

Nebraska Wesleyan is the only school other than Maryland planning to build a stadium. The Nebraska plant is to cost \$51,000 and will seat 5,000.

Waterway Backers Call On Wallace

Washington, Feb. 21 (AP)—Proponents, presenting their case for the proposed St. Lawrence seaway and power project, today called on Secretary of Commerce Wallace.

Testimony supporting the seaway proposal ends tomorrow. Next week opponents will be given their say.

The committee yesterday heard from army engineers that latest estimates of the development's cost to this nation would total \$342,016,000, which includes \$31,742,000 already spent.

This cost figure, which the chairman of the New York state power authority termed "conservative and reliable," is about \$57,016,000 greater than the \$285,000,000 sum contained in the engineers' 1941 estimate.

The Brotherhood of the church and by the Tuck-A-Batch Sunday School class. The Rev. Kenneth D. James, pastor, presided. He introduced the speaker of the evening, the Rev. Dr. O. D. Coble, Bendersville, who served as a chaplain in the European theater.

Addresses of welcome were given by Edgar A. Wolfe, in behalf of the church council; Paul E. King, superintendent of the Sunday school; George Strevig, president of the Brotherhood of the church; and by Mrs. William Lippy, representing the women's auxiliaries of the church. Songs were furnished by a quartet consisting of Lyle Yealy, Bernice Bowers, Harry O. Harner and Edgar A. Wolfe. A piano solo was given by Herbert Sell, who also furnished piano music during the social hour which followed the program. Each serviceman honored was presented with a book by the congregation. The veterans honored were: John Bloom, George Maitland, Jr.; Luther Myers, Bernard Shadle, Raymond Reed, Richard Lester, Francis Mummert, Paul Wolfe, John Strevig, Malcolm Shadle, Allen Harner, Wilson Green, Harold Hollinger, Paul Hull, Leonard Kerschner and Donald Lemon.

COMMUNITY CLUB MEETS

The Woman's Community club of Littlestown and vicinity held its monthly meeting Wednesday night with Mrs. Edward Leister, the president, in charge. At the business meeting, the following reports were given: Secretary's report; Mrs. J. R. Alden; treasurer's report; Mrs. Paul E. Alkoff; and Cheer Committee report. Mrs. Richard A. Little, Mrs. Leon Gage, wife of the new chief of police, was introduced as a new member. The Welfare committee was thanked for packing and distributing Christmas baskets. The club made plans for holding a bazaar and food sale in the near future. The president asked for volunteers to serve on the Library committee for the local branch of the Adams County Free Library association.

The Girl Scouts of Littlestown gave an interesting program following the business meeting. Mrs. Hilda Bish, chairman of the program committee, introduced the leaders and members of the three local Girl Scout troops: Miss Mary Rita Redding, leader of Troop No. 1; Miss Miriam Gelsler, of No. 2; and Mrs. Bish, No. 3. The program announcer was Nancy Renner, of Troop 3. The girls repeated the Girl Scout promise and laws, after which they presented the following program: Song, by the Girl Scouts assembled; recitation, "February," Shirley Renner; monologue, "Heard in a Shoe Shop," Charlotte Yingling; playlet, "A Pageant of Flags," by the following members of Troops 1 and 3: "Girl Scout," Nancy Myers; "Columbia," Nadine Collins; "Flag of St. George," Josephine Weaver; "Flag of St. Andrew," Nancy Simpson; "Flag of St. Patrick," Joan Collins; "Union Jack," Betty Yealy; selections by a chorus composed of girls from Troop 2; further pageant: "British Sea Flag of Colonial Days," Marie Baschour; "Grand Union of the Colonies," Eleanor Bankert; "Betsy Ross Flag," Beverly Ann DeHoff; "Fort McHenry Flag," Dolores Rae Reindollar; song, "Old Glory," Mary Louise Kress; song, "Star-Spangled Banner," by all the Girl Scouts. During the pageant, each girl displayed the flag she represented, and gave an explanation of it.

The playlet was directed by the leaders of Troops 1 and 3. The flags of the three troops were displayed in the center of the stage, and a large American flag occupied the middle of the hall.

The girls concluded their program with the singing of "Girl Scouts Are We," and with the Girl Scout Friendship Circle and Handshake. Marion Slavely, of Troop 2, was the accompanist.

The committee in charge of the meeting consisted of Mrs. LeRoy W. Bish, chairman; Mrs. Wilbur A. Bankert, Mrs. Melvin Webster, Mrs. Orville Sentz, Mrs. Samuel E. Renner, Mrs. Richard A. Little, and Mrs. Robert Crouse. Refreshments were served by the Hostess committee, composed of Mrs. Harry W. Badders, chairman; Mrs. Edgar

Critical Marines Lose Their Stripes

Pearl Harbor, Feb. 21 (AP)—Three marine sergeants and three corporals were reduced to privates today because they circulated a petition which disapproved of marine corps discharge policy and demanded more information on leathernecks demobilization plans.

Announcing this as "the final action contemplated" in the week-old case, Lt. Gen. Roy S. Geiger, Pacific fleet marine commander, said the demotions were not punishment for the six men.

"The individuals concerned have demonstrated their unfitness to be non-commissioned officers," he declared. "They failed to display the qualities of leadership, judgment, loyalty and fidelity which are requisites of non-commissioned officers in the United States marine corps."

Charles W. Weikert, Mrs. Roy Kindig, and Mrs. Samuel Higinbotham. The next meeting was announced for March 20, when the following program committee will be in charge: Mrs. Hamilton Walker, chairman; Mrs. Donald B. Cover, Miss Rose V. Barker, Mrs. George Mayers, Mrs. Milton Harner, Mrs. John Fleming, and Mrs. Arthur Feeser. The Hostess committee for the March meeting will be: Mrs. Walter Crouse, chairman; Mrs. Albert Lawyer, Mrs. Paul E. Alkoff, Mrs. Alvin Groat, Mrs. Claude Snyder, Miss Louise Duttera, and Miss Evelyn Hornberger.

CAIRO RIOTING IS CONTINUING; ONE IS KILLED

Cairo, Feb. 21 (AP)—One hundred Egyptian students and workers attacked the British Kasri in Nil barracks today and were driven from the building by gunfire.

The attack came after two trucks bearing British army markings had ploughed through a crowd of demonstrators in a nearby street. At least one Egyptian was killed and several were injured by the trucks.

The demonstrators were part of about 100,000 to 150,000 persons thronging the streets of Cairo during widespread strikes demanding evacuation of British troops and unity in the Nile Valley.

A crowd of 70,000 persons jammed Abdin Palace Square today after widespread strikes closed Cairo's shops and factories.

Under the watchful guard of two Egyptian army tanks, 20 armored cars and six truckloads of soldiers stationed in the square as a precautionary measure, the demonstrators shouted "evacuation of British troops or bloodshed" and "down with England, down with the conqueror."

Heavy Police Details

A large number of police were scattered throughout the city and foreign establishments were heavily guarded following a call for a general strike by student and labor union leaders. The strike call resulted in the shuttering of shops and factories and the halting of street-car service.

Lighted torches were thrown by the rioters into the Kasri El Nil barracks which are the biggest in the city. British troops replied with machine guns. There were no signs of mob dispersing.

A special correspondent for Reuters, who witnessed the battle, said that every car passing through the square near the barracks was attacked and the area was one mass of swaying bodies pushing at the barracks gates, which British troops had succeeded in slamming shut.

Military trucks, one of them loaded with ammunition, were set on fire. Smoke billowed over the fighting throng. Exploding shells from the burning vehicle caused the crowd to break from the gates and seek safety while continuing to hurl missiles at the barracks.

East Berlin

East Berlin—The farm which has been the property of Lebanon Valley college, Annville, and tenanted for the past 10 years by Mr. and Mrs. David E. Lebo, was sold at public auction to "Buzz" Shellenberger, near town, for more than \$6,000. Mr. and Mrs. Lebo, with their son-in-law and daughter, Mr. and Mrs. Jacob Zell, and daughter, Joyce and Vonnice, who have resided with them for several months, plan to move to Perry county, their former home, this spring.

Mr. and Mrs. Frank Kothe, R. 2, made a business trip to Hanover during the past week.

Mr. and Mrs. E. Reiver, Harrisburg, spent a day recently with her sister, Mrs. Curtis W. Deatrick, and family, R. 2.

The Paul Anthony property at the square, which has been occupied since 1937 by the Roy H. Mummert market, has been purchased by Mr. and Mrs. George W. Moul, who plan to convert the building into apartments next year. At that time the Mummerts expect to move near York where they will conduct a similar business.

IN MEMORIAM In memory of our brother-in-law, William Lyman Hertz, 51 c who was killed while in service of his country, at Iwo Jima, February 21, 1945.

We have only your memory dear brother To remember our whole life through But your kindness will linger forever As we treasure the image of you.

Peaceful be your rest, dear brother Your battle's fought. Your victory's won There is no white cross to mark your grave But the blue sea o'er can never fade.

Russell, Elva and Billy.

4 FILE DISCHARGES Three former navy men and an army dischargee filed their discharge papers at the court house today for recording. They were: Coxswain Victor Sloan Heare, MMM 3/c Richard Charles Hinkle, and S 1/c Floyd John Morrow, all navy, and Pfc. Herbert W. Wilson, army.

MISCELLANEOUS

IN MEMORIAM In sad remembrance of our dear daddy and husband, William Lyman Hertz, 51 c, who gave his life for his country, February 21, 1945.

A sacrifice upon the Altar of Freedom. Our dearest treasure was placed, When one year ago today Our blue star turned to gold.

Not always shall this parting be, For on some glad tomorrow We too, shall cross the unseen shore, And find you waiting there.

By his wife and son.

battery until he is dead certain that the battery he now has is wholly beyond repair. The sellers of replacement batteries should use the utmost discretion to see to it that a battery is sold only where real need exists. Service stations can help out materially by setting up battery repair units to prolong the life of batteries now in use."

To Continue Surveys While warning motorists of the need of battery conservation, the A.A.A. advised the Civilian Production Administration that it would continue from time to time to make nationwide spot checks as to battery supply conditions at the retail level and of the effect the shortage may have on maintenance of automobile operation. At the same time the A.A.A. urged that C.P.A. continue to review the lead situation at home and abroad at frequent periodic intervals, with a view to taking advantage immediately of any changes in the interest of more adequate provision for battery manufacture.

Russia Admits

(Continued from Page 1)

ambassador and other members of the embassy in Canada had "no connection whatsoever with the matter."

Dispatches from Ottawa said the Russian Military Attache, Col. Nicolai Zabotin, left the Dominion capital some time ago.

A Canadian government spokesman in Ottawa declared the Russians were making "political capital" of the affair.

"Admission Of Guilt" "The Soviet statement," he said, "started out as an admission of guilt sufficient to cause withdrawal of its military attache, and then proceeded to minimize the whole affair and sought to make political capital by imputing motives to the Canadian government."

Government circles in Canada acknowledged that the affair was fraught with serious diplomatic potentialities. A brief formal reply to the Soviet accusation was expected soon.

The Russian statement expressed

"amazement" that the Canadian government had published its statement telling of the leakage of secret government information without first asking an explanation from the Soviet government, "as is expected between countries maintaining normal relations."

The broadcast was the first official reaction from Russia since Prime Minister Mackenzie King announced the leakage last Friday. A royal commission has been appointed to investigate the leakage, which some highly placed sources said included information concerning atomic energy.

Discount Value "It was ascertained," the Russian statement said, "that the data concerned such technical details as were not needed by the Soviet order in view of the fact that the U.S.S.R. higher technical achievements are

in existence and which may be found in publications on radio-location and similar subjects as well as the well-known pamphlets of the American Smyth on atomic energy."

(Dr. Henry Doweife Smyth, Princeton university physicist and a consultant for the Manhattan project which developed the atomic bomb, wrote a report which traces in minute detail the experiments which led to development of the bomb, but which omits formula figures.)

The 28-centimeter weapon fired a missile more than 50 miles. It will be tested and later placed on exhibition. The weapon also was known as the "Anzio Express" and the Germans called it "Leopold."

INDIAN SEAMEN START RIOT IN BOMBAY HARBOR

By MILTON KELLY

Bombay, Feb. 21 (AP)—Striking seamen of the royal Indian navy exchanged rifle fire with British and Indian troops in Bombay today and maneuvered nine small warships into battle positions in the harbor.

Vice Admiral Sir John Godfrey proclaimed the existence of "a state of open mutiny." He promised to use every force at his command to crush the revolt of the seamen, who have protested that they were discriminated against under British regulation of the fleet.

Heavily armed British Tommies and Indian troops went into action when Indian seamen who had been staging a hunger strike in the castle barracks attempted to break out into the streets, from which they had been banned following demonstrations earlier this week. The seamen responded with small arms fire.

Threaten to Fire

Whether there was any significance to the maneuver of the nine warships held by the strikers—of the sloop and frigate class—was not explained. They formed a staggered line within easy shouting distance of the shore in front of the stone archway called the "Gateway to India." Seamen were seen at gun positions, working with the weapons.

A British communique said the seamen who had seized control of vessels in the harbor had threatened to fire if any move was made against them.

A Reuters dispatch from Bombay said a truce was reported declared between striking Indian navy seamen and British troops at Bombay's castle barracks shortly before 5:30 p. m. local time (7 a. m. EST) today. Godfrey's warning to use extreme force to quell the mutiny was carried to the seamen barricaded in Castle barracks by an officer who entered under a flag of truce.

Broadcast Warning

Godfrey, flag officer of the Royal Indian navy, also broadcast this warning over the Bombay radio: "A state of open mutiny prevails in which ratings (seamen) appear to have completely lost control of their senses."

"To continue this struggle is the height of folly, when you take into account the overwhelming forces at the disposal of the government at this time, which will be used to their utmost, even if it means the destruction of the navy of which you have been so proud."

British reinforcements were called into the city to cope with the situation after the outbreak at Castle barracks, which developed into a long range gun battle between the barricaded seamen and soldiers outside.

ROTANIST

POWER STRIKE SET TO START NEXT MONDAY

Pittsburgh, Feb. 21 (AP)—A power strike was today set to begin at midnight next Monday in the Pittsburgh industrial area served by the Duquesne Light company.

The strike call was issued by the Independent Association of Duquesne Light company employees.

A work stoppage would be a renewal of the strike by the union's 3,400 employees February 12, when the walkout was declared suspended by union officials after lasting 19 hours.

The company serves light and power to an 817-square-mile area in which 1,500,000 people live.

The union seeks a wage increase. Negotiations for settlement of the dispute will continue until the deadline the union announced.

A statement by the union said: "It is with great sorrow that we are forced to take this action and in the interest of the public served we are asking you to help our membership in obtaining decent and fair wages, decent and fair treatment from a callous and indifferent corporation, and your help in obtaining higher working standards such as you have received in recent months from the companies by which you are employed."

A typical infantry division was supplied with 700 miles of telephone wire when it went into combat. St. Demetrius is the patron saint of the Greek city of Salonika.

Pope Confers

Vatican ceremonies. The women were in black with veils covering their hair.

Vatican Band Plays

A few moments before the pontiff entered, the lights of St. Peter's were dimmed and floodlights which had been playing on the throne were extinguished. Only a large white cross to the left of the throne remained illuminated.

Then the Vatican band struck up the Papal March, which ended in a fanfare heralding the Holy Father's appearance in the cathedral.

The doors to the basilica were barred, leaving outside hundreds of persons still arriving for the ceremony.

The stately procession down the central aisle was led by uniformed guardsmen, members of the papal court, Monsignori and incense and candle bearers. Just ahead of the pope came the older cardinals, wearing ermine capes over their robes.

Then came the pope on his gilded "sedia gestatoria," or portable throne, carried on the shoulders of 12 crimson-clad sedarii, or chair bearers.

The pontiff wore a rose-colored robe with golden ornaments and on his head was a plain gold mitre.

Apostolic Blessing

Moving slowly and majestically, the procession took just six minutes to pass from the door to the main altar. The pontiff turned constantly from one side to the other, his right hand, with two fingers crossed, uplifted and tracing the sign of the cross as he imparted the apostolic blessing to the multitude.

Each benediction brought from the crowd a fresh outburst of applause and shouts of homage.

At the main altar attendants assisted the pope from the throne. He stood for a moment outlined against the crimson backdrop. The new cardinals were escorted to the throne and received their red hats from the papal hand after papal advocates had completed perorations for the canonization of four candidates for sainthood.

The pontiff, wearing a golden bishop's mitre without jewels, sat on a red throne in the confessional altar.

Silver trumpets sounded "Thou Art Peter" on his arrival.

Voices of the Sistine choir swelled through the great nave at frequent intervals during the ritual.

At the end of the recessional march his scarlet-clad bearers slowly turned the red and gold portable throne on which the pope was carried, back toward the altar.

The pontiff rose from his chair slowly, and repeatedly made the sign of the cross over the crowd.

After the papal procession had left the basilica, the new cardinals formed a procession and, led by the Sis-

Truman Restates Stand For Pauley

Washington, Feb. 21 (AP)—President Truman said today he intended to back Edwin W. Pauley to the limit in his fight for confirmation as navy undersecretary.

The President told his news conference he usually backed any man he was for, when asked whether the suggestion of Senator Stewart (D-Tenn.) that Pauley should withdraw would change his attitude.

A reporter, repeating a question that has been asked of the President at two previous news conferences, wanted to know whether Mr. Truman intended to withdraw Pauley's nomination. The President gave flat no.

"Does that mean that Pauley will have your full support if he insists on fighting it out?" a reporter pressed.

time choir, advanced slowly along the nave to the altar at the end of the basilica, chanting the Te Deum.

When they reached the apse the prostrated themselves and the choir sang "We Praise Thee Therefore Help Thy Servant Whom Thou Has Redeemed by Precious Blood."

Among the thousands of spectators were the aristocratic, the wealthy and the shabby. Many brought their own camp stools.

Among the American party was the towering figure of James A. Farley, former postmaster general.

Many arrived after a long journey on foot, for transport is scarce in fuel-starved Rome. Most of Rome was dark on an overcast day, but lights reflected on St. Peter's polished marble columns from the Vatican city's own power plant.

SCHOLARSHIPS' EXAMS MAR. 16 FOR ST. JOSEPH'S

Competitive examinations for full and partial scholarships to Saint Joseph's College, Emmitsburg, will be given at convenient centers throughout the country on Saturday, March 16. Application for scholarship blanks may be obtained by writing to the Registrar at the College. With the returned application, the scholastic record for three and a half years of high school and the list of subjects to be completed during the last semester must be included. Records and application must reach the College before March 4.

Full scholarships, valued at \$3,000 include board, room, and tuition for four years, while partial scholarships valued at \$1,200 include tuition and room for the four years. These awards will be made after the competitive examination on basis of character, ability, and scholastic excellence. The examination will cover secondary school content. Winners will be announced about April 1.

Many Participate

Last year participants included students from Maryland, New Jersey, New York, Pennsylvania, Massachusetts, Georgia, Virginia, West Virginia, South Carolina, and the District of Columbia. EGG PRODUCTION IN STATE DROPS UNDER WAR PEAK

By LEONARD A. UNGER
Harrisburg, Feb. 21 (AP)—Flocks of laying hens and pullets on Pennsylvania farms produced 2,460,000,000 eggs last year, only 12 per cent less than the all-time record of 2,786,000,000 in 1944, the Department of Agriculture announced today.

The monthly number of eggs per layer reached a new record in December, 1944, a federal-state crop reporting service survey showed.

The average of 11.00 eggs per hen compared with 9.72 for November, 1945, and 10.91 for December, 1944, indicating what the department said was "better feeding and stable weather conditions."

Total production for that month was 193,000,000, or 10,000,000 below December, 1944, but 35,000,000 more than in November, 1945.

Just Short of Record
The department said there were 7,518,000 layers in December, eight per cent higher than in November, a good seasonal advance," but six per cent less than in December, 1944.

"This reflects the larger number of pullets now reaching laying age," the report stated.

Prices received by producers for eggs in December averaged 58.8 cents per dozen, compared with 55 cents in November and 50.8 in December, 1944. The live-weight average price for chickens was 25.9 cents per pound compared with 26.4 in November and 26.8 a year earlier.

Commercial poultrymen, the department said, reported that at December prices it took the value of 78 eggs to buy 100 pounds of feed compared with the value of 76 eggs in November and 77 in December, 1944, to make the same purchase.

For the entire year of 1945 national egg production was 55,218,000,000, or five per cent short of the record production of 1944, but larger than

and Mrs. John Troxell, near town. Mr. and Mrs. Carson P. Fraley, Mr. and Mrs. Carson Gray Fraley and son, Carson, Jr., and William any other year and 38 per cent above the 10-year (1934-43) average.

Milk Volume Off
Feeding slightly less grain than at the same time last year, Pennsylvania dairy farmers reported a three per cent drop in milk production for last month compared with January, 1945, the Department of Agriculture said today.

January's production of 386,000 pounds of milk, however, was seven per cent higher than in December, showing what department officials said was "a start toward the spring peak that should come in May and June."

Dairy farmers reported in the survey that on February 1 they were feeding an average of 7.3 pounds of grain per cow, compared with 7.4 pounds on February 1, 1945. This year's average on that date was the second highest in the 22 years that federal-state records have been maintained.

All-Time Wage Peak
Milk production per cow on Pennsylvania farms for February 1 averaged 16.6 pounds compared with 16.2 pounds for the same date last year and a 10-year average of 15.9 pounds, the department added.

The annual average wage paid hired hands by Pennsylvania farmers advanced from \$18.80 in 1910 to \$56.80 in 1940, the department of agriculture said today.

This 202 per cent increase was followed by the all-time high of \$64 paid in monthly wages during the period from July and October, 1945.

State Would Okay Deshon Hospital

Harrisburg, Feb. 21 (AP)—Should the Veterans Administration want to take over the Army's Deshon hospital at Butler, indications today pointed toward commonwealth approval of such a plan.

Governor Martin was reported to be in favor of the idea if the VA can agree with the commonwealth on a price.

The VA reopened the question at Washington yesterday after previously rejecting the institution as a possible facility. A spokesman there, however, said the proposal was still "very much in the preliminary stage."

No formal overtures have been received from the VA regarding the institution, the governor's office said, but if any comes it would be a question of negotiating on a price. It was indicated the commonwealth will not interpose any objections.

The Fall Guy

BY JOE BARRY

Chapter 26

Rush descended to the ground floor and went to the garage attached to the apartment building. He called for his car, a convertible with a souped up engine that he kept there for emergencies.

On the street he gunned the engine and swept west toward Haled. From the glove compartment he took a flat 38 automatic and checked the clip with one hand. He slipped it into his jacket pocket and added a pair of full clips. Into his hip pocket he put a slender, heavy blackjack. Where he was headed, the skulls were hard and needed persuasion.

He parked the car a block from Big Mick's place and looked down the street. The only light, besides the yellow street lamps, came from the window of Big Mick's place, which threw a bright red glow on the sidewalk.

He headed back to the alley and found a telephone pole with iron steps for linemen. Without hesitation, he mounted the pole and stepped lightly over onto the roof. He felt his way back along the wall till he found a window. A crack of light showed around closely drawn blinds. He plastered his eye to the crack and could see most of the room. In a chair against the far wall sat Jago, a cigar stuck in one corner of his mouth. He was looking at a point just to Rush's left. Rush saw the back of a head that he recognized as Big Mick's and for a moment he saw Wilmer, as he walked across the room toward the window. He stopped just short and to the left of the window. Rush strained to hear voices but only a low, indistinguishable rumble came through the glass. It was time, he decided, that he join the party.

He entered it in a somewhat different manner than he had expected. He had only a second's warning, as a shadow a few shades darker than the other shadows reared atop the wall above him. Instinctively he threw himself to one side but the shadow fell on him, throwing him against the glass of the window through which he had been peering. The glass shattered as Rush fell half into the room. The fall dazed him and he toppled slowly, falling through the broken glass into the room, his feet hanging out of the shattered window. Instinct warned him to play dead. He let his eyes flutter shut but his hands were active. They searched the floor beside him and closed on a razor-edged sliver of glass. Rough hands seized him, and as he was jerked roughly to his feet, he slipped the glass into a jacket

pocket. He was thrown into a chair and moments later icy water was splashed in his face. He let himself come awake slowly, shaking his head, spluttering through the water. He opened his eyes and looked around him. They were all there. Jago, Wilmer, Big Mick, four of his men, and Leslie. Leslie was seated in a similar chair against the opposite wall. He noticed she looked bedraggled.

"The boys play rough, don't they?" he asked.

Big Mick answered him. "Shut up, Henry. Frisk him and tie him up, boys."

Rush felt hands slap his pockets and extract the gun and clips from his jacket. They missed the blackjack and the silver of glass. Two rope ends appeared and tied his hands behind his back. The same hands shoved him back into the chair. He sat quietly.

Big Mick turned to Leslie. "Now, baby, give. We don't want to hurt you. But we gotta know where you hid those rocks. We got Henry here now. He's your last hope, so give."

"What emeralds?" asked Leslie.

Big Mick looked at Wilmer. "I guess you'll have to work on her some more," he said.

Wilmer licked his lips with the tip of a red tongue and walked

noiselessly toward her on the balls of his feet. He stood in front of her and looked down, gloating. He drew back an arm and slapped her with the flat of his palm, hard. Her head snapped around and came back to look up at him.

"What emeralds?" she said thickly.

He slapped her again and again. Her head bobbed on her shoulders.

"Hold it, Wilmer," said Jago. "We want her conscious. We must be more subtle." He walked over to her and nodded Wilmer aside. "You are quite fond of your lovely face, aren't you, my dear?" he asked.

Leslie looked at him dully.

"It would be a shame to spoil such beauty. I hope you won't force me to use this." He held a glowing cigar end under her eyes. She shuddered and recoiled. Every eye in the room was on her and Rush twisted in his chair, reaching for his jacket pocket. Quietly he extracted the silver of glass and brought it behind his back, working quickly to force it between the ropes and he soon felt blood dripping down onto his hands. With the tips of his fingers he pushed the glass up and pulled it back, sawing desperately at the rope which bound his wrists.

The cigar end moved toward her forehead as Rush felt the ropes behind him give. He slipped the glass to the seat behind him and wiped his bloody hands on the tail of his coat. Then he reached for the blackjack the searcher had missed. With careful eyes he measured the distance between himself and Slippy who stood watching

Jago, his gun held loosely at his side. Leslie screamed and in the silence that followed, Rush was across the room. His blackjack descended in a lashing blow at Slippy's temple, his other hand grabbed for the gun, got it and held it at point. He backed away toward the wall.
